HIGH-QUALITY FAMILY LIFE

- How do you really want to influence your children?
- Learning for the benefit of relationships, personal fulfillment and a purposeful life.
- What do you do/can you do to grow stronger as a family? Ask those kids of yours what makes a good day for them.

YOU ARE THE ONLY ONE THAT HAS BEEN INTENTIONALLY
EQUIPPED TO GIVE YOUR CHILDREN WHAT THEY NEED TO LIVE
OUT THEIR PURPOSEFUL LIFE.

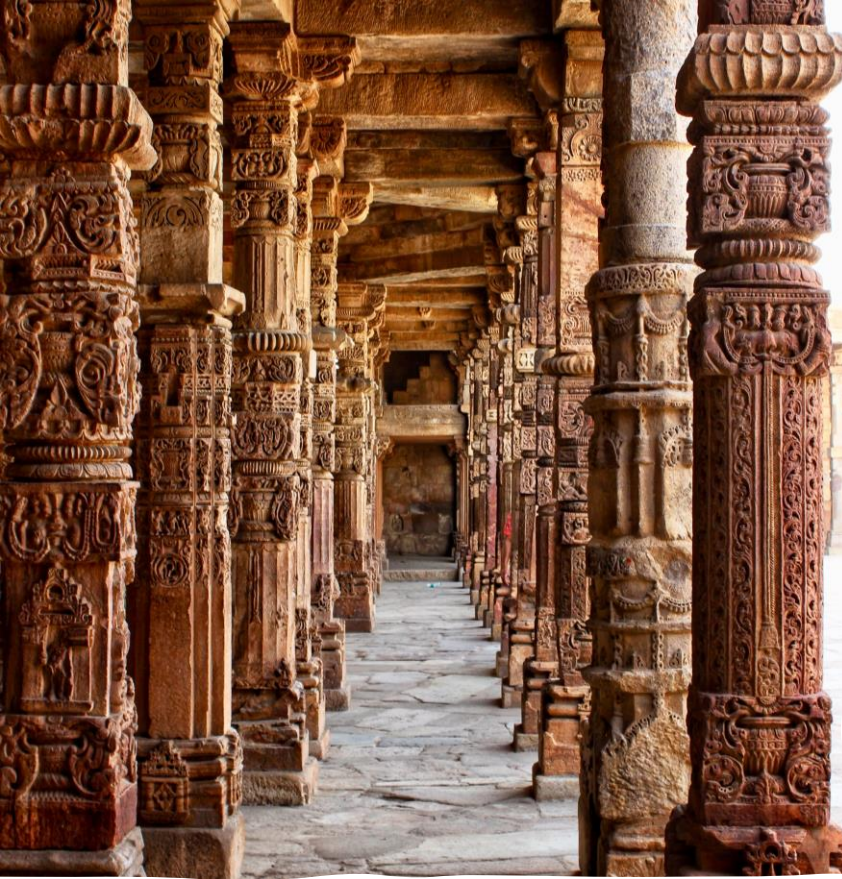

Part of your purpose: to raise your children to live out their purpose.

INSTILLING VALUES

- Show them your values that benefit their quality of life.
- What is important to you, what drives you, and what you define as your role as a parent will determine the values you pass on.
- Raising the Joshua generation. [kickback to Ana's talk yesterday]

FAMILY PILLARS

- Purposefully think through your values.
- Think on what is most important to you. Allow clear thoughts and goals to surface. This will inform and empower you and your family.
- The pillars of your family. {Get your Family Pillars worksheet}

IF YOUR PURPOSE IS NOT DIFFICULT
THEN IT'S NOT YOUR
TRUE PURPOSE

You should feel outside of your comfort zone and stretched.
